October IL be appearing after my Vegas appearance

Ron Chepesiuk with John Alite

The Crime Beat with Ron Chepesiuk radio show announces the appearance of John Alite, an associate and close friend of John Gotti and his son. An Albanian-American from Queens, Alite was an unlikely ally to the Gottis and the Italian mob, but with his street smarts he was eventually recruited to be Junior Gotti's protector and muscle. For decades Alite worked as a thug, drug dealer, and killer for Junior Gotti and his infamous father. It will be a fascinating show. All Crime Beat shows since 2011 are archived for 24-7 listening. Go to www.artistfirst.com/crimebeat.htm. The radio show now airs in 140 plus countries.

John Alite I know John. Invite him on your show with me. Another guy who is trying to speak as if he was there to have an opinion. Hope you decide to give my new stalker a chance to sit next to me. Not sure if I ever saw him on a score or piece of work..
